

Prajval Govil

PhD Scholar at IIT Ropar, IndiaAI Fellow, and Data Scientist with over 2 years of industry experience. Skilled in Healthcare AI, Computer Vision, Deep Learning, Machine Learning, and data-driven solution development, with a strong passion for research, innovation, and real-world impact.

Email: prajjvalgovil@gmail.com **Contact:** +91 9461042472 **LinkedIn:** linkedin.com/in/prajjval-govil

Profile Summary

- Competent and goal-oriented professional with **over 2 year** of work experience as a **Data Scientist** in the **IT Industry**
- Rendered proactive assistance in the development of a **Data Science Framework**, designed to handle large volume data sets; analyzed large amounts of raw information to find patterns that helped in attaining excellence
- Identified, developed and implemented appropriate **statistical techniques, algorithms, and Deep Learning & Machine Learning models** to create new, scalable solutions that resolved business challenges
- Excellent communication, negotiation & interpersonal skills with strong analytical, team building, problem-solving and organizational capabilities

Core Competencies & Interest

- | | |
|---------------------------|--------------------------|
| • Machine Learning | • Data Mining & Insights |
| • Artificial Intelligence | • Data Pipelining |
| • Deep Learning | • Data Analytics |
| • Generative AI | • Data Visualization |

Technical Skills

- **Programming Languages:** C, C++, Python, R
- **Operating System:** Linux, Windows
- **Software & Tools:** SPSS, Cognos, TensorFlow, Docker, Tacatron 2, PowerBI, Tableau

Work Experience

Jul'21 – Jul'23 | Celebal Technologies, Jaipur as Associate Data Scientist

Total Experience: 2 Years

Responsibilities:

- Proactively assisting in the full development cycle of planning, analysis, design, development, testing, and implementation using data mining and data analysis tools
- Importing data from multiple sources, joining datasets, data cleaning, image processing, data wrangling, and visualizations
- Querying data from various databases and creating data sets that can then be analyzed to provide key insights.
- Evaluating data findings to communicate findings in a clear, structured manner, developing cordial relations with cross-functional teams and rendering guidance.
- Analyzing a large amount of information to discover trends and patterns; using the same to develop Machine Learning models.
- Designing and implementing text analytics and visualization components for device data analysis platform to predict hardware and check the accuracy of models.

Internships

Jan'21 – Jun'21 | Aalto University, Espoo, Finland as Research Intern

Title: Speech Synthesis-based Data Augmentation for Automatic Speech Recognition System

Description: The project was built under the supervision of Prof. Mikko Kurimo and Dr. Hemant Kr. Kathania, Assistant Professors at Aalto University, Finland, and Prof. Amit Sinhal, J. K. Lakshmi Pat University, Jaipur; it requires new tools to augment (synthesis) the dataset and uses it to analyze the performance of the system

Dec'19 – Jan'20 | Aalto University, Espoo, Finland as Research Assistant

Title: Prosody Emotion Feature Extraction using Opensmile and Data Augmentation using SSPTK

Description: It was conducted under the supervision of Prof. Mikko Kurimo and Dr. Hemant Kr. Kathania Assistant Professors at Aalto University, Finland, and Prof. Amit Sinhal, J. K. Lakshmi Pat University, Jaipur; during this project, SVM Machine Learning algorithms were applied to extract the features, SSPTK toolkit was applied to augment (synthesis) the dataset and then the dataset was used to analyze the performance of the system

Dec'19 – Jan'19 | NIT Sikkim, Sikkim as Intern

Title: A Comparative Study of Classification Techniques on Biased and Unbiased Dataset

Description: During this project, Machine Learning techniques were applied to biased and unbiased datasets and a Comparative Analysis was conducted among various classification algorithms; it was done under the supervision of Dr. Pratyay Kuila, Assistant Professor, NIT Sikkim and Dr. E. S. Pilli, Head of the Department, MNIT Jaipur.

Workshops Attended

- **Cyber Security Workshop** conducted by CSI JK Lakshmipat University
- **Machine Learning Workshop** by Diginique Techlabs CSI JK Lakshmipat University
- **Workshop on Blockchain** conducted by CSI JK Lakshmipat University in association with Coding Blocks

Education

- **2021:** B.Tech. in Computer Science Engineering (Specialization in Big Data Analytics) from Institute of Engineering & Technology, JK Lakshmipat University, Jaipur
- **2025:** MTech. in Artificial Intelligence and Machine Learning) from National Institute of Technology Sikkim (**Gold Medalist**)
- **2025 (Pursuing):** P.hd. from Indian Institute of Technology Ropar, Rupnagar Punjab

Certifications

- **2021:** Machine Learning Certification from Coursera
- **2021:** IBM Big Data Engineer v2 2021 Mastery Certification
- **2020:** IBM Predictive Analytics Modeler 2020 Mastery Certification
- **2019:** IBM Business Intelligence Analyst 2018 v2 Mastery Certification

Extracurricular Activities

- Recognized as the **finalist of Smart India Hackathon 2020**
- Secured **1st rank** in JKLU Techathon on the 'Disruptive Ideas for Community Outreach' theme
